SUMMARY

Enthusiastic BTech student with a strong interest in technology, innovation, and creative problem-solving. Skilled in programming, video editing, and digital media creation. Actively participates in technical events and hackathons, combining technical knowledge with creativity to build impactful projects. Passionate about learning new technologies and developing solutions that make a difference.

EDUCATION

September (2024) -Present	BTech at Abes Engineering College, Ghaziabad	(GPA: 7.57)
2024	Class 12th Haryana Board	(75.2)
2022	Class 10th CBSE	(89.2)

EXPERIENCE

FreeLancing (May(2024)- Present) Ran Meta Ads for Seven Horns Media and many other cleints

SKILLS

Technical Skills	DSA in C++, Web Development, Cloud Computing Fundamentals and Python
Creative Skills:	Video Editing (Premiere Pro, After Effects, CapCut), Color Grading, Script Writing, Storytelling, 2D/3D Animation (Blender), Graphic Design (Canva, Photoshop), UI/UX Design (Figma)

TRAININGS

Cloud Computing	Undergoing hands-on training on cloud infrastructure, deployment, and virtualization concepts. Learning about AWS, Azure, and Google Cloud fundamentals , including storage, networking, and server management. Gaining practical experience in cloud service models (IaaS, PaaS, SaaS) and real-world application deployment .
-----------------	---

CERTIFICATION AND ACHIEVEMENTS

Data Structure and Algorithm Basic	HackerRank: Demonstrated proficiency in algorithmic problem-solving, data structures, and logical reasoning through verified challenges and practice exercises.
Full Stack Development:	Simplilearn : Gained practical experience in front-end design, responsive layouts, and project deployment
Hackathon Participation:	Contributed to AI and web-based problem statements at Smart India Hackathon (SIH 2025) and GUVI-HCL Hackathon 2025.
